

Apology Letter for Prank

[Letter Date]

Dear [Recipient Name],

The other day I and my friends were watching this funny movie where we got an idea for doing this prank. You were not with us, so we decided to play this prank with you. We did not realize how much this could have hurt you.

I am sorry to hurt you. I have lost many friends due to my immature behavior. You have been a wonderful friend and it will hurt me further if our friendship dies for such a small reason.

I know saying a sorry will not fix things, but I can make sure that it will never happen again. You have been on my mind since days and I want to make myself feel better by apologizing to you. I know you do not deserve to be hurt the way I did, but it was just to create a funny moment in our life.

I am looking forward to hear from you soon. I would want to meet you personally so that I can explain myself and you also get a chance to take your grievances out.

Love
