Dear [name],

You have been one of my favorite teacher and you are the one who made me fall in love with mathematics. I still remember myself struggling with mathematics until I met you. You are the one who made me feel confident enough to learn this subject.

You have been my ideal in my life and I look forward to follow your foot steps in the future. You have been more like a friend and less a teacher to me and in that relationship I just crossed my line. The group discussion was going on when I got really personal with you and gave you some rude comments.

It didn't take me very long to realize my mistake. I feel very ashamed of myself. I have always been very respectful towards my teachers and elders. My parents brought me up in a strict manner giving me the lesson to respect every person I come through.

As a student, I need to follow some principles and rules during school times. I feel very sorry for my behavior and I would like to tell you that I have been working on myself since this incident. I promise you to maintain a professional attitude at school and keep notice of my words.

You have been a very dedicated student and I don't want you to feel bad because of me. All your students love you and respect you for what you are. I am sure you will forgive me and let me learn from you and grow to become a better person.

Sincerely,

[Your Name]
