Dear [Recipients Name],

Hope you are doing great. I am writing to make a complaint against my neighbor regarding noise and dirt. I have approached them directly but they gave nil response. Their loud noise always creates discomfort. The parents always keep on shouting and scolding their children. And in the result, we hear loud cries all day long. Moreover, they never keep cleanliness and leave the trash outside the main door which creates a mess because of cats. The sweeper comes daily on time to collect the trash but still they do so. It is causing trouble for me and my family. I and my wife are working and we are always disturbed because of loud noise. And dirt is creating illness in our kids. I would be keenly requesting you to take a notice and some necessary actions.

Waiting for your kind response

Sincerely,

Charles Mack
