

Get Well Soon Letter to a Family Member

Morgan Coleman

7th October 2016.

Mr. Bennet Coleman.

Block 12D, Blue Whale Avenue, San Francisco.

Dear [Recipients Name],

I heard from the mother about your foot operation. My dear brother, you mean a lot to me. I tried my best to take leaves but bank audit is going on nowadays, unfortunately, did not get them. But next month I will surely come. I cannot wait to see you smiling again. It was a major operation but it will heal soon. Mom told me that it will be recovered in 2 months. Doctors are fully satisfied with full recovery. Your will power will be your best medicine. Keep on taking your medicine properly. Stay motivated and it will help you a lot. I hope you remember those days when we used to do morning walk together and then we used to take breakfast from our favorite restaurant with our friends. And on way back to home we used to do little pranks. That was the very lovely time we had together. May Almighty bless you always.

Sincerely,

Morgan Coleman.

Operations Manager, Chase Bank
