

Apology Letter for Not Attending Funeral

Dear [Recipient Name],

I came to know about your father's death yesterday. I was shocked to know this as he was doing pretty well the last week. He was a wonderful man and I still remember spending time with him and benefiting from his experiences and advise.

I was not able to attend the funeral as I was out of country for some work. I did try my best to make it to the funeral but my work commitments made it very hard for me. I hope you and your family is coping well with this loss. Your father had an amazing personality and his love and support will always be remembered.

Truly yours,
