

Apology Letter for Vehicle Damage

[Your Name]

[Address]

[Date]

Dear [Recipient Name],

Yesterday while coming back from work I bumped in your car. The parking lot was packed with cars due to which I had very little space to move my car and as a result, unintentionally, my car got hit with yours. I did not run away from the spot rather I waited to observe the damage I had caused to your vehicle. It seems that I broke your car lights and a few scratches as well.

I was in a rush to leave for home due to which I could not wait to meet you. I have mentioned my contact details in this letter for you to contact me any time. I would be more than happy to pay for any damage that I have caused.

I can understand the inconvenience that I caused to you. I am sure you love your car and so do I. So I can relate to the way you might be feeling. Please accept my apologies over this matter. I will wait to hear from you soon and apologize in person.

Sincerely,

[Your Name]
